Dear Parent/Carer

Year 11 After Academy Intervention Sessions

As we move ever closer to May and the start of the GCSE exams, we want to ensure that we prepare and support our students to achieve their full potential.

As part of this, we have a programme of after Academy intervention sessions in place for each of our core subjects. All students are expected to attend these key intervention sessions as they offer the opportunity to allow students to close any gaps that they need to in their learning.

We would value your support with this and hope that you can convey the importance of attending to your child.

With our next mock exams starting on the 19th February this is a prime opportunity to ensure that the key concepts are embedded with specialist subject teachers on hand to support. This will also help to improve the effectiveness of their ongoing revision at home.

Sessions available are as below

Day	Subject
Monday	Maths
Wednesday	English
Thursday	Science

The sessions start at 2:30pm and finish at 3:30pm. We look forward to seeing everyone there on time and ready to learn.

We also offer a program of pre-recorded Masterclasses available to students to help support them with their revision in the build up to their summer exams.

These Masterclasses will:

- be delivered by our expert, subject Directors
- focus on revision, exam techniques, and specific topic areas, covering Foundation and Higher papers where applicable
- complement the revision activities students should already be completing and are in addition to any sessions being provided by your child's school

To access the recorded sessions please follow the link below: This will also be shared with students on their Google Classroom.

<https://www.outwood.com/autumn-revision-masterclasses?rq=masterclass>

Finally, can I take this opportunity to remind you of the small group online sessions which are available for English, Maths and Science. These sessions will run later in the day once students are at home and will offer further support and guidance. Students can sign up to these sessions and let us know their preferred times on this Google form (a direct link to this form is also on Google Classroom)
