

Dear Students, Parents and Carers,

As of September 2022, our school site will operate a strict 'no nuts' policy. We kindly ask that students, staff and visitors ensure that they are not bringing any food or drink items with nuts in them onto the academy site. The reason for this is because of a severe nut allergy within our academy community.

Our kitchen staff will also follow this guidance and continue to ensure that no items sold from the canteen contain nuts of any kind.

In order to protect all at risk, and due to the severity of the allergy, if any items containing nuts are seen within the academy, the items will be confiscated and disposed of.

Should you wish to ask any questions about this or discuss this further, please contact myself at the academy.

Yours Sincerely

Mrs K.Penn
