

Dear Parent/ Guardian

I am writing to inform you about the GCSE Science assessment that your son/daughter will be taking in the next few weeks. The assessments will start the week commencing 7th November 2022 onwards.

The areas being examined in Science will be AQA Biology Paper 1, AQA Chemistry Paper 1 and AQA Physics Paper 1. Students will need to spend some time revising for these between now and the exams to help them to reach their full potential.

- The Science revision website which can be found at <https://science.outwood.com/> please look under the Year 11 tab.
- Students have been given a login to access the educake website <https://my.educake.co.uk/student-login> for their homework and revision.
- We are holding enrichment revision sessions for GCSE Science, on Mondays each week 2.30pm-3.30pm, to help support students with some key Science topics.

Please do not hesitate to get in touch with Science if you require any further information.

Thank you for your support,

Mrs Sykes
(Second in Science)
